TIGRA

EXTRA STYLE

VAUXHALL  LINE

VAUXHALL TIGRA

PLAY BY YOUR OWN RULES

The stylish sports coupé.

Thanks to its extravagant design and striking character, the Vauxhall Tigra has become a favourite with fashion-conscious drivers.

When fitted with accessories from the VAUXHALL i LINE range, the Tigra's already individual appearance is yet further enhanced. Body parts including the front lower spoiler, radiator grille and rear spoiler have all been exclusively designed for the Tigra, giving the driver the opportunity to stamp his or her personal style on the vehicle. The VAUXHALL i LINE product range provides a convincing styling concept without compromising in terms of quality or passenger safety.

Exclusive light alloy wheels in varying designs not only create a striking optical impression but fulfil both technical and safety relevant functions. Priority here is given to the wheel's primary characteristics: optimal composition of raw materials, total accuracy in production, minimal density, extreme reliability coupled with the longevity you come to expect from VAUXHALL i LINE products. All wheels are subjected to the most stringent safety tests, the use of the wheels in active motor sport underlines this safety guarantee.

Rear spoiler i 19 01 403,
Rear silencer 19 08 001,
light alloy wheels in
Softstar design.

The VAUXHALL i LINE suspension kit, exclusively developed for the Tigra, allows for optimal road holding and hence added driving safety. Improved cornering, enhanced grip and added safety when accelerating and braking are the major pluses.

**ISO 9001:
FOR YOUR
SAFETY**

To guarantee the high demands on product quality and workmanship, the Irscher group applies a sophisticated quality management system whose efficiency was confirmed with the ratification of the ISO 9001 certificate by DEKRA.

grille insert i 19 01 060.

VAUXHALL  LINE

Interior styling.

The refining of the vehicle's interior is a major part of any vehicle transformation. Interior accessories in either classic wood, sporty carbon or modern alu looks allow the perfect interior to become reality.

A modern "up-to-the-minute feel" is provided by styling components for the heating and ventilation area as well as decorative parts for the door handles and handle surround for both driver and passenger doors – perfectly complementing gear knobs in wood, carbon or alu finishes, all sporting an eye-catching alu insert ring.

Steering wheels replacing the standard airbag steering wheel in carbon or alu looks appeal through their elegant, yet practical, design and round off the interior makeover perfectly, an interior which mirrors your own personal style.

Interior fittings in wood look with matching gear knob with alu insert ring.

Interior fittings in carbon look, with matching steering wheel and gear knob with alu insert ring.

Gear knob in wood look i 95 17 321, in alu look i 95 17 317 and in carbon look i 95 17 316 all with alu insert ring.

Interior fittings in alu look, with matching steering wheel and gear knob with alu insert ring.

Naturally VAUXHALL i LINE accessories are produced to the quality required by Vauxhall, you can always be sure of purchasing a perfectly fitting, perfectly manufactured product. For instance VAUXHALL i LINE steering wheels ensure safety by using the original airbag, only the steering wheel itself is replaced.

VAUXHALL i LINE Steering wheel – available in a choice of sporty carbon or modern alu look.

The wheel family.

Four varying wheel designs for extreme driving pleasure coupled with that all important individual appearance in the dimensions 5 1/2 x 14 up to 7 x 16...

Light alloy wheel in Softstar design in the dimensions 5 1/2 x 14 up to 7 x 16.

Light alloy wheel in Twin spoke design in the dimensions 5 1/2 x 14 up to 7 x 16.

Light alloy wheel in Twin spoke exclusive design in the dimension 6 x 14.

Light alloy wheel in Spectra line design in the dimensions 5 1/2 x 14 up to 6 x 15.

VAUXHALL i LINE light alloy wheels are a byword for excellent material and manufacturing standards – tested against the toughest norms in exhaustive safety tests for longevity and reliability.
