Air Filters

High flow and long life - with total protection guaranteed. K&N's famous track record in designing and manufacturing high quality air filters is second to none. Industry leading performance. All K&N filters are washable, provide superior filtering and give up to 40% more flow.

**INDUCTION KITS**

For fuel injected cars. Looks good and sounds superb. Replacing the restrictive standard air intake and airbox design with a simpler, high flow induction system which unleashes your engines potential. Improves throttle and gives crisp engine roar. Filter supplied Complete with fit kit.

**REPLACEMENT ELEMENTS**

Replacement elements improve air flow producing extra Power with up to 50,000 miles without attention. Million mile on road guarantee.

**BOLT ON FILTERS**

For carburettor equipped cars. The standard air box is replaced with a chrome topped high flow performance air filter. Extra Power with up to 50,000 miles without attention. Million mile on road guarantee.

**FILTER SERVICE KIT**

**AIR FILTERS**

Quickshift Air Filters and Induction Kits use extremely fine stainless steel mesh, the top plate of each filter is made from mirror finish 304 stainless steel. Each kit is supplied with brackets, hoses and fittings. Where required, as well as cold air feed pipe and full instructions. Huge power gains, superb looks and produces a unique metallic sound like no other air filter.

**BM PERFORMANCE CATALYSTS**

These high performance catalysts have stainless steel monoliths as standard and a density of 200 cells per square inch, rather than the 400cps of the standard aftermarket catalyst. This improves gas flow through the catalytic converter.

- Boost performance by up to 15bhp
- Direct swap from OE catalyst, easy fitment.
