Shere Aluminium £34

## Vertical door kits

Vertical door kits available for Corsa B comes with hydraulic pistons £450 New models released soon please call.

## Corsa B £450

### What is Lambo Style?

The Lambo Style System is a conversion kit to open the front doors like a Lamborghini. Therefore special hinges are supplied, which have to be fitted instead of the original hinges. The original door will stay.

**A complete engineered solution for each specific application**  
Easy, fast installation, no welding and no paintwork necessary. (When installing the LSD solution, there is no need to weld or repaint the bodywork or doors. Slight modification of the fender might be necessary) Fully adjustable, perfect fitting assured by 3D adjustability (horizontal, vertical and depth)

### Can I install the kit myself or do I have to go to a fitting facility?

Everybody who has mechanical skills can fit the hinges himself. We recommend the installation through a garage or one of our fitting facilities.

Car Description	Type	Door style	Year	Part No.	Price £
Astra F	CC, F-convertible	3 door Convertible	10/91-	50060004	£1089
